Merry Christmas!

fold along the grey lines

Color the Nativity scene!

"To you is born this day... a Savior, who is Christ the Lord." Luke 2:11

Decorate the Christmas tree!

Color in the tree and its decorations, whichever colors you like best!

Fun Reindeer Facts

Reindeer use their hooves like shovels to dig through the snow and find food.

While their antlers are growing, they're covered in soft, furry skin called "velvet".

In the frozen winter, reindeer eat snow to get the water they need.

They lose their antlers and grow a brand-new set each year!

Reindeer eyes are golden in summer and turn blue in winter, to help them see in the dark.
